QUALITY & CERTIFICATIONS

International Standards. Assured Quality.

At Foodlynk, quality is not just a commitment – it is our way of life. We follow globally recognized food safety systems and maintain the highest standards at every stage of production, processing, and packaging to deliver safe, nutritious and premium IQF vegetables to our customers worldwide.

QUALITY YOU CAN TRUST

OUR CERTIFICATIONS

FSSAI

Licensed by the Food Safety and Standards Authority of India ensuring strict compliance with national food safety regulations.

BALTIC CONTROL

Approved by Baltic Control – a leading international inspection and certification body ensuring quality, safety and reliability in global trade.

ISO 9001:2015

Quality Management System certified for consistent processes, customer satisfaction and continuous improvement.

ISO 22000:2018

Food Safety Management System certified for ensuring safe food throughout the supply chain.

HACCP

Hazard Analysis and Critical Control Points system implemented to identify and control food safety hazards effectively.

OUR QUALITY ASSURANCE

FARM FRESH RAW MATERIALS

Sourced from trusted farms and processed at peak freshness.

ADVANCED IQF TECHNOLOGY

Individually Quick Frozen to lock in nutrition, taste, color and texture.

STRINGENT QUALITY CONTROL

Multi-level quality checks at every stage of production.

UNBROKEN COLD CHAIN

Maintained at -18°C from processing to delivery.

SAFE & HYGIENIC PROCESSING

Hygienic environment and best practices ensure food safety and purity.

GLOBAL COMPLIANCE

Meets international regulations and customer-specific requirements.
